

Louis Innis

Location Sound Recordist & Supervisor

M: 07931845586 | E: louis.innisaudio@gmail.com

Full UK Driving Licence with Kit Van |

With a decade of experience working within the field of Sound, I first began my career in Technical Theatre production, Concerts & live events. I then transferred over into Broadcast Entertainment, Film and Advertising due to a keen interest in location sound.

I have a wide range of experience including, high-end Documentaries & Scripted Drama to large scale Reality Multi Camera shoots. In addition to this, I am often a Sound Supervisor, which allows me to work collaboratively and lead and support my department. I have excellent audio knowledge with an extensive range of sound equipment to suit your needs, including Multitrack Mixers / Recorders, Radio Microphone systems and a variety of Microphones, Timecode systems & In Ear Monitoring solutions.
