8 years experience working across Film, Tv, Commercial and Music

PERKSONTHEJOB@GMAIL.COM

From a technical perspective I pride myself on my knowledge, organisational skills and attention to detail - acting as an extension of the 1st AC to make the work load seamless. From a humanistic perspective I aim to create a harmonious environment to work in: From teaching and building the confidence of the trainees under my wing, to looking out for the mental and physical health of both my team and those on set - providing quality 2nd AC service with a smile!
