
PROFILE

I really enjoy working as part of a team balancing multiple tasks and being a reliable member of the department. I'm passionate about costume and what I do.

Since starting as a Costume Trainee in 2021, I've developed my skills across a wide range of productions, both commercial and long form. Before that, I worked in fashion and editorial styling which helped me build a strong eye for detail and the ability to interpret and deliver creatively against a brief.

Over the years, I've gained experience across a variety of roles, including crowd standby and supporting principle standbys, as well as buying, managing fittings and helping with the day-to-day running of the costume truck. This has given me a well rounded understanding of how the department runs from prep through to wrap, along with strong practical skills.

I'm enthusiastic about the work that I do and value being apart of every team I join. I bring a positive outlook, strong dependability, and a genuine care to every project.
