Editing and Post Production (BA) -
Ravensbourne University

My journey in the film and TV industry began in a broad range of editing roles.

This foundation led me to transition into DIT and Playback roles in 2021, drawn by the dynamic challenges and problem-solving of on-set work.

I have great people skills and always aim to over deliver.

Based in London, I hold a UK driving license and own a van.

Co-founder of Cinevation LTD.
